Hi Debra,

I am the CRM for aldicarb. In addition to me, please invite my TL (Julie Javier) and my BC (Linda Arrington) to any meetings.

You also may want to include Kevin Costello as an 'optional' attendee. The chemical is no longer in his branch, but he was the technical lead during registration review – he may be a good resource depending on the topic or issues to be discussed.

Thanks,  
Sue

**Subject:** Aldicarb - are you the CRM?

Hi Susan,

I looked through the Access database and couldn't find any information on aldicarb. However, PRISM listed you as the CRM. Are you still the CRM for aldicarb?

We have some actions in house to establish new uses for aldicarb on oranges and grapefruit (Texas and Florida) and I'm setting up a team meeting and wanted to bring PRD to the discussion as well.

If you are the CRM, you and who else should I be inviting to the meeting? Or, if you are not the CRM, do you know who is?

Again, sorry about any inconvenience this may pose, but I appreciate any assistance you can provide.

Thank you!  
Debra
